

July 1. Media Monitoring

Five. Recommendation

A recommendation was issued on the basis of media monitoring conclusion concerning July 1 incident. It includes;

To the State Great Khural;

- Change a clause on setting control to public media means in the Law of State of Emergency in afford with the Press Freedom Law
- Make an amendment to the Public Radio and Television Law for having a clause of creating a Public Radio and Television's own rule of reporting during the state of emergency or war time

To the media means, journalists and professional journalists' unions and associations:

- Draw up and pursue a principle to be adhered to the confrontation situation by journalists
- For being as a voice of the people and serving for their rights and interests, it should pay attention to disclose expected human rights violence facts in the confrontation situation, report it in real term and prevent from expected violence.
- Approve and obey a principle to be adhered by journalists for reporting human rights issue
